
TITLE 328 UNDERGROUND STORAGE TANK FINANCIAL ASSURANCE BOARD

SECOND NOTICE OF COMMENT PERIOD

LSA Document #15-231

EXCESS LIABILITY TRUST FUND**PURPOSE OF NOTICE**

The Indiana Department of Environmental Management (IDEM) is soliciting public comment on amendments to rules at [328 IAC 1](#) concerning the excess liability trust fund (ELTF). IDEM seeks comment on the affected citations listed and any other provisions of Title 328 that may be affected by this rulemaking.

HISTORY

First Notice of Comment Period: July 29, 2015, Indiana Register (DIN: [20150729-IR-328150231FNA](#)).

SUBJECT MATTER AND BASIC PURPOSE OF RULEMAKING**Basic Purpose and Background**

IDEM is proposing amendments to the rules in [328 IAC 1](#) concerning the excess liability trust fund (ELTF). The ELTF program provides a mechanism for the cost reimbursement of emergency measures, investigation, corrective action, and ELTF indemnity claims resulting from eligible releases from underground storage tanks (USTs). Eligible parties or persons assigned the right of reimbursement by an eligible party may apply to IDEM to receive cost reimbursements from ELTF. IDEM disburses payments for ELTF claims if the applicant meets the eligibility and payment criteria in [IC 13-23-8](#), [IC 13-23-9](#), and the requirements in [328 IAC 1](#).

Since the publication of the First Notice of Comment Period, IDEM has decided to narrow the focus of this rulemaking on comporting the rule requirements with the legislative changes made during the 2016 session of the Indiana General Assembly contained in Senate Bill 255, enacted as Public Law 96-2016. After the completion of an independent actuarial study of the ELTF program, IDEM plans to initiate a separate rulemaking that will propose additional revisions and reorganization of [328 IAC 1](#).

Public Law 96-2016 amended ELTF statutory definitions in [IC 13-11-2](#) and ELTF eligibility, claim, and administrative requirements in [IC 13-23](#) with the goals of expanding eligibility criteria, increasing the maximum amount of ELTF payments, and improving the overall administration of the ELTF program. In this rulemaking, IDEM will comport the requirements in [328 IAC 1](#) with the legislative changes in Public Law 96-2016 and make other minor amendments to correct inaccurate or outdated rule language. The draft rule proposes the following amendments:

- Modification, deletion, and addition of definitions and statutory citations to comport with the legislative changes.
- Deletion or modification of sections that are repetitive or potentially in conflict with the statutory changes.
- Changes to the requirements for access to ELTF and payment of ELTF claims, which will allow more eligible parties and eligible releases to apply for payment from ELTF.
- Elimination of requirements for eligible parties to deduct penalties, interest, and certain fees from the ELTF claim payment amount.
- Substitution of references to the Risk Integrated System of Closure (RISC) and other risk-based measurements, as RISC has been replaced by the Remediation Closure Guide and associated guidance.
- Elimination of outdated compliance deadlines.
- Additional amendments to improve the rule language, accuracy, and clarity.

IDEM also has a related open rulemaking action, LSA Document #16-204, that proposes amendments to the underground storage tank rules at [329 IAC 9](#). Because [328 IAC 1](#) contains cross references to the requirements in [329 IAC 9](#), the draft rule language in this rulemaking will be affected by the amendments in LSA Document #16-204. IDEM has attempted to correct cross references in [328 IAC 1](#) based on the draft rule language in development for LSA Document #16-204, and has eliminated any unnecessary cross references. As both rulemakings move forward through the rulemaking process, IDEM will ensure that the cross references in [328 IAC 1](#) are coordinated with the related amendments to [329 IAC 9](#).

This rulemaking will affect persons that are owners or operators of USTs, eligible parties as defined at [IC 13-11-2-62.5](#), or any other person assigned the right of reimbursement for a UST. Because the rulemaking may require some changes to ELTF administrative processes, this rulemaking also affects IDEM staff in the ELTF program. In addition, any person that may receive payment from ELTF for cost reimbursements or ELTF indemnity claims resulting from the corrective action of eligible releases will be affected by this rulemaking.

IDEM seeks comment on the affected citations listed, the draft rule language, including suggestions for specific language, any other provisions of Title 328 that may be affected by this rulemaking, and alternative ways to achieve the purpose of the rulemaking.

[IC 13-14-9-4](#) Identification of Restrictions and Requirements Not Imposed under Federal Law

The following elements of the draft rule impose either a restriction or a requirement on persons to whom the draft rule applies that is "not imposed under federal law" (NIFL element or elements):

The following information is provided with each NIFL element:

- (1) The environmental circumstance or hazard dictating the imposition of the NIFL element in order to protect human health and the environment in Indiana, and examples in which federal law is inadequate to provide this protection for Indiana.
- (2) The estimated fiscal impact and expected benefits of the NIFL element, based on the extent to which the NIFL element exceeds the requirements of federal law.
- (3) The availability for public inspection of all materials relied on by IDEM in the development of the NIFL element including, if applicable: health criteria, analytical methods, treatment technology, economic impact data, environmental assessment data, analyses of methods to effectively implement the proposed rule, and other background data.

NIFL Element (A) [328 IAC 1](#).

(1) IDEM operates a state underground storage tank program under the approval granted by United States Environmental Protection Agency and must operate the program in accordance with 40 CFR 280 and 40 CFR 281. However, the entirety of Title 328 and the requirements in the draft rule are not imposed under federal law for the following reasons:

- (a) There are not any federal laws or regulations that impose requirements for IDEM to establish and administer ELTF.
- (b) ELTF was established in state statutes by the Indiana General Assembly. [IC 13-23-7-1](#) establishes ELTF and [IC 13-23-11-7](#) grants the Underground Storage Tank Financial Assurance Board the authority to adopt rules for administration of ELTF. These rule requirements for ELTF are designed, administered, and enforced by IDEM.

The NIFL elements in the draft rule that contain requirements for ELTF are necessary because releases from USTs pose a threat to human health and the environment, especially surface water and ground water resources. ELTF serves as a vital financial assurance mechanism that provides payment of reimbursable costs and ELTF indemnity claims for the corrective action of releases from USTs. While financial assurance for USTs is required by both state and federal regulations, U.S. EPA does not require IDEM to use ELTF as a financial assurance mechanism in 40 CFR 280 Subpart H. Because of Indiana's unique issues for corrective action of releases from USTs, Indiana established ELTF as an option for financial assurance.

The amendments to this NIFL element are necessary because the legislative changes in Public Law 96-2016 affect the current requirements in [328 IAC 1](#). IDEM must amend the rule requirements in [328 IAC 1](#) to incorporate the legislative changes and ensure consistency between the amended state statutes and affected requirements of [328 IAC 1](#).

(2) The primary intent of this NIFL element is to incorporate the legislative changes in Public Law 96-2016. Therefore, any fiscal impact caused by this NIFL element derives from the legislative changes in Public Law 96-2016, rather than additional rule amendments initiated by IDEM. The legislative changes incorporated in this rulemaking will affect ELTF funding, eligibility, and claim payments. IDEM estimates that the NIFL element will have a beneficial fiscal impact for affected parties by allowing more eligible parties to access ELTF, reducing deductible amounts, increasing claim payment limits from ELTF, and eliminating certain fees, interest payments, and penalties. The Potential Fiscal Impact section of this notice discusses in more detail the fiscal impact of this NIFL element.

(3) In order to develop this NIFL element, IDEM relied on the following materials, which are available for public inspection:

- (a) Indiana Public Law 96-2016.
- (b) [IC 13-23](#).
- (c) Fiscal Impact Statement for Senate Bill 255, prepared by the Legislative Services Agency.
- (d) [328 IAC 1](#).
- (e) 40 CFR 280 and 40 CFR 281.

Potential Fiscal Impact

IDEM anticipates that this rulemaking will not have a fiscal impact beyond the fiscal impact from the legislative changes in Public Law 96-2016, as most of the amendments in this rulemaking are intended to comport

with the legislative changes. The legislative changes in Public Law 96-2016 incorporated in this rulemaking will have a beneficial fiscal impact by:

- allowing more eligible parties to access ELTF and receive payment for ELTF claims;
- simplifying and reducing the deductible amount, which will lower compliance costs for eligible parties;
- increasing the maximum payment limit from ELTF for each eligible release and eligible party; and
- eliminating the deduction of interest, penalties, and certain fees from the ELTF claim payment amount, which will increase the payment amount for each ELTF claim.

Generally, these legislative changes will result in a greater total annual disbursement from ELTF to more eligible parties. The exact amount of the potential fiscal impact is difficult to estimate because the amount is dependent upon the increase in eligible parties that apply for ELTF claims, the increase in payment amounts for each claim, and the number of claims that meet the increased maximum payment limits from the ELTF. However, by using the information currently available, IDEM can describe the general costs or benefits of each element of the legislative changes that will have a fiscal impact.

While IDEM anticipates an increase in eligible parties that will qualify and apply for ELTF claims, IDEM is unable to estimate an exact number and the payment amount for these claims. Overall, these eligible parties will benefit by being able to access ELTF when they previously were not eligible to do so.

The elimination of the requirements to deduct interest, penalties, and certain fees from a claim payment will benefit eligible parties by resulting in larger claim payments. Because these amounts are unique for each eligible party and eligible release, IDEM is not able to estimate an exact amount at this time.

Statutory changes to the deductible amount introduce a flat \$15,000 deductible rather than variable \$20,000 to \$35,000 deductible amount for each eligible release. As a result of this change, the Fiscal Impact Statement for Senate Bill 255 estimates a \$930,000 increase in payments from the ELTF during each fiscal year. This change will benefit affected persons by reducing the compliance costs for receiving payment for ELTF claims.

Eligible parties and eligible releases that currently meet the maximum payment limit from ELTF will benefit significantly from the increase in maximum payment limits. An eligible party can potentially receive \$500,000 more for a claim payment for each eligible release and \$7,000,000 to \$8,000,000 more in total claim payments each fiscal year. The Fiscal Impact Statement for Senate Bill 255 notes that at least one eligible party meets the current payment limits each year. IDEM expects that affected eligible parties meeting the maximum payment limits from ELTF will experience an increase in ELTF claim payment amounts.

While this fiscal impact section shows that the legislative changes will result in lower compliance costs and increased ELTF claim payments for eligible parties, changes to rule language and requirements initiated by IDEM will not have a fiscal impact because the legislative changes are the source of the fiscal impact. These legislative changes became effective on July 1, 2016, and affected parties already are required to comply with the requirements. The rule amendments that become effective with this rulemaking will not have an additional fiscal impact beyond the fiscal impact from the legislative changes.

Public Participation and Work Group Information

In the First Notice of Comment Period, IDEM stated the intent to establish external work groups for this rulemaking. Since the publication of the First Notice of Comment Period, IDEM has modified the intent of the rulemaking to narrowly focus on comportsing the requirements in [328 IAC 1](#) with the legislative changes in Public Law 96-2016. IDEM will propose more extensive rule revisions in a future rulemaking that IDEM plans to initiate after completion of an independent actuarial study of the ELTF program.

Therefore, at this time, no work group is planned for the rulemaking. If you feel that a work group or other informal discussion on the rule is appropriate, please contact Dan Watts, Rules Development Branch, Office of Legal Counsel at (317) 234-5345 or (800) 451-6027 (in Indiana).

SUMMARY/RESPONSE TO COMMENTS FROM THE FIRST COMMENT PERIOD

IDEM requested public comment from July 29, 2015, through August 28, 2015, on alternative ways to achieve the purpose of the rule and suggestions for the development of draft rule language. IDEM received comments from the following parties by the comment period deadline:

Brent A. Dayharsh, Mundell and Associates, Inc. (BD)

Chris Bonniwell and Steven B. Wilcox, Wilcox Environmental Engineering, Inc. (CB)

Following is a summary of the comments received and IDEM's responses thereto.

Comment: At [328 IAC 1-3-4](#), increase cap to \$4,000,000 per incident number and index the payment cap to the Consumer Price Index (CPI) so that there is not any further need to amend the cap.

Include unit rate for survey equipment (standard and laser).

Put hotel rate in the rule. Increase hotel payment amount for northern Indiana. Index hotel rate to CPI.

Include unit rate for burning a compact disc to submit reports; etc.

\$800 for private locate is too low in many situations. We believe that \$1,200 would cover most situations.

\$800 for air knifing is sometimes too low, depending on the work being done. We believe that \$1,200 would cover most situations. If a greater amount is needed perhaps it could be exceeded with IDEM project manager approval based on site conditions. (BD)

Response: Since the publication of the First Notice of Comment Period, IDEM has modified the focus of this particular rulemaking action to amending the existing rules to comport with legislative changes to the program included in Public Law 96-2016, which took effect on July 1, 2016. These changes are not related to specific reimbursement rates found within the existing rules. However, IDEM intends to begin another rulemaking to address those issues after an independent actuarial study of the ELTF program is completed. The suggestions provided in this comment will be reviewed during that rulemaking process, as will all comments related to amending the existing reimbursement rates.

Comment: Wilcox has historically been successful and efficient in its management of claims within the ELTF program, but has also experienced complications with claims processing related to each of the identified areas of potential revision. These complications have often resulted in unnecessary disbursement delays and/or denials that result in significant financial hardship to both Wilcox and its subcontractors. Wilcox considers the majority of these complications as having been the result of either a lack of clarity in IDEM expectations or a lack of consistency in the application of the rule. As such, Wilcox encourages the agency to move forward with amending the rule, identified as Alternative 1 in the public notice document.

The public notice document also identifies the anticipated formation of an external work group to include a cross-section of stakeholders to discuss issues involved in the rulemaking. Such an external work group is the ideal opportunity for both IDEM representatives and external stakeholders to identify specific experiences with the ELTF program that might be improved by the proposed rule revision, and to collaboratively identify equitable revisions. Wilcox welcomes the opportunity to be involved in such a work group, and is committed to devoting significant time and resources to facilitate the rule revisions. In anticipation of the work group formation, Wilcox will begin compiling written examples of our experiences with ELTF program complications that might be avoided in the future through revisions and amendments to the rule. (CB)

Response: IDEM thanks the commenter for the support of the rulemaking and their willingness to participate in the process. IDEM plans to move forward with some of the objectives stated in Alternative 1 of the First Notice of Comment Period to reduce complications from confusion about IDEM's expectations and inconsistent application of the rule requirements. Legislative changes to the program included in Public Law 96-2016, which became effective on July 1, 2016, also are intended to simplify the program and clarify the rules.

The primary focus of this particular rulemaking is to amend existing rules to comport with the legislative changes. Given the fact that those changes take effect shortly, IDEM intends to expedite this first rulemaking, while still taking into account the comments and insights provided by stakeholders familiar with the program. IDEM plans to initiate a second rulemaking to further amend the rules at the conclusion of an independent actuarial study of the program, which is being conducted at this time. IDEM expects that the second rulemaking, which will address reimbursement rates and further refinements to the process, will be the most appropriate time to form a work group.

However, comments received during the second comment period of this rulemaking may lead to stakeholder meetings to refine language prior to presenting this rule to the Underground Storage Tank Financial Assurance Board for adoption. IDEM welcomes input from interested parties to improve the requirements in [328 IAC 1](#).

REQUEST FOR PUBLIC COMMENTS

This notice requests the submission of comments on the draft rule language, including suggestions for specific revisions to language to be contained in the draft rule. Comments may be submitted in one of the following ways:

- (1) By mail or common carrier to the following address:

LSA Document #15-231 Excess Liability Trust Fund
Dan Watts

Sec. 5.1. "Emergency measures" means any work described under ~~IC 13-23-8-4(b)(1)~~; **IC 13-23-9-1.5(a)(2)(C)**. The term only includes the necessary work performed to directly abate the following conditions related to a release:

- (1) Petroleum or petroleum constituents are detected in indoor air in ~~an inhabitable~~ a building greater than ~~short term risk-based concentrations~~ **the appropriate screening levels as specified by the department in accordance with the remediation standards determined** under [IC 13-12-3-2](#) for the contaminants of concern.
- (2) Petroleum or petroleum constituents, greater than ten percent (10%) of the measured lower explosive limits, are detected anywhere in utility conduits, such as sewers.
- (3) Petroleum or petroleum constituents are detected as free product or sheen in utility conduits or surface water.
- (4) Petroleum or petroleum constituents are detected as free product off-site, not including easements or rights-of-way.
- (5) Petroleum or petroleum constituents are detected at or above the ~~maximum contamination levels (MCLs) or RISC residential~~ **appropriate screening levels for ground water cleanup objectives as specified by the department in accordance with the remediation standards determined** under [IC 13-12-3-2\(a\)](#):
 - (A) in a drinking water well, as measured at the point of compliance or at the tap; or
 - (B) within one (1) year time of travel from a public drinking water well, and the petroleum or petroleum constituents are in imminent danger of impacting drinking water.
- (6) Any other condition requiring direct abatement, as specified by the commissioner, based on the potential threat to human health or the environment.

Sec. 1. (a) ~~The following persons may apply to the fund for payment of reimbursable costs or for third party liability claims:~~

- ~~(1) Tank owners and operators, including a person as described in section 3(d) of this rule.~~
- ~~(2) Persons assigned the right of reimbursement by any person described in subdivision (1).~~
- ~~(3) Subsequent owners of the property upon which tanks were located, if the tanks were closed by a previous property owner, tank owner, or operator who is eligible, as specified in [IC 13-23-8-4](#)(e).~~

Fund access is limited to eligible parties and those assigned the right of fund access by an eligible party.

~~(b) Any or all persons listed under subsection (a) may apply to the fund for payment of reimbursable costs or third party liability~~ **ELTF indemnity** ~~claims if: all of the following have occurred:~~

- ~~(1) A fund qualifying occurrence. To be eligible to be paid from the fund, the occurrence must be a fund qualifying occurrence.~~
- ~~(2) Submission of an initial site characterization (ISC) as described in rules of the solid waste management board at [329 IAC 9-5-5.1](#).~~

(1) the release is an eligible release;

~~(3)~~ **(2) the applicant provides** documentation of reimbursable costs incurred equal to:

(A) the appropriate deductible amount as determined by the fund administrator; has been provided. in accordance with [IC 13-23-9-1.3\(a\)](#); and

(B) any additional amount calculated in accordance with [IC 13-23-9-1.3\(b\)](#); and

~~(4)~~ **(3) a claim for the same costs:**

(A) has not been submitted to or paid by the fund; a claim for the same costs and

(B) will not be paid more than once by the fund.

~~(c) All claims for payment of reimbursable costs must be submitted within nine (9) months after the fund qualifying occurrence is granted a status of no further action (NFA) by the administrator. All resubmittals associated with any disallowed cost must be received by the department within twelve (12) months after the denial of the claim.~~

~~(d) All occurrences with an existing status of NFA as of the effective date of the 2011 amendments to this article will have:~~

- ~~(1) nine (9) months from the effective date of the 2011 amendments to this article to submit any remaining costs; and~~
- ~~(2) an additional twelve (12) months to resubmit any denied costs.~~

(c) If more than one (1) eligible party submits a claim for reimbursement of costs, the administrator shall determine the appropriate reimbursement based on the:

(1) applicable remediation objectives; and

(2) reasonableness and cost effectiveness of the claims.

The administrator may not reimburse costs related to duplicative acts performed by multiple eligible parties.

~~(e)~~ **(d)** The department may:

(1) determine the identity of the tank owner or tank operator based on the notification submitted under [329 IAC 9-2-2](#); the department may and

~~(2) require an affirmation that an applicant is a person, as described in section 3(d) of this rule, or a subsequent owner of the property, as specified in subsection (a)(3).~~ **an eligible party or assignee thereof.**

~~(f) A person who owns property with a tank is considered a tank owner.~~

~~(g) The fund will not reimburse for the remediation costs arising from the acts or omissions on the part of a contractor, owner, or operator that result in damage to a UST system, a dispensing components or exacerbation of an existing release.~~

~~(h)~~ **(e)** Only an owner, operator, or authorized agent may request the status of their tank fee payments and resulting potential percentage of fund eligibility, **if applicable.**

 - (C) if appropriate, a demonstration that the selected remediation alternative will substantially reduce or eliminate third party liability; **ELTF indemnity claims.**

~~the administrator will determine if the work to be performed or the work already performed, or a portion thereof, under the approved CAP is cost effective.~~ The administrator may review information concerning cost effectiveness while reviewing a CAP submitted for approval; however, the administrator ~~will~~ **shall** not make a determination on cost effectiveness before a CAP is approved.

(b) ~~The administrator's determination for~~ **administrator shall determine** cost effectiveness ~~will be~~ based on the information in subsection (a) and the following criteria:

- (1) The projected costs of the selected remediation alternative compared to the other remediation alternatives.
- (2) The likelihood that the remediation approach will achieve the cleanup objectives as set forth in the approved CAP.
- (3) The appropriateness of the length of time projected to achieve the cleanup objectives, based on the selected remediation alternative considering actual impacts to human health and the environment.
- (4) The cost projections under subsection (a)(2)(A) for the remediation alternatives and the work to be performed do not exceed the reimbursable costs allowed under section 5(a), 5(b), and 5(e) of this rule.
- (5) The cleanup objectives as set forth in the approved CAP are sufficient, but no more stringent than necessary, for the current land use for the site.
- (6) A demonstration that the selected remediation alternative will substantially reduce or eliminate third party liability. **ELTF indemnity claims.**

(c) ~~Upon the administrator's request,~~ The applicant shall provide additional information to substantiate the projected work and projected costs **upon request by the administrator.**

(d) At any time, if the administrator finds that the approved CAP will not achieve or is not achieving the cleanup objectives, ~~under [329 IAC 9](#), then~~ the administrator may determine that the work to be performed under the approved CAP is no longer cost effective. The administrator ~~will~~ **shall** give notice to the applicant of this determination.

[328 IAC 1-3-3](#) Requirements for reimbursements

Authority: [IC 13-23](#)

Affected: [IC 13-23-9-1.3](#); [IC 13-23-12](#)

Sec. 3. (a) A person listed in section 1 of this rule shall comply with the following **requirements** for a claim for reimbursable costs or a ~~third party liability~~ **an ELTF indemnity** claim to be considered for reimbursement from the fund by the administrator:

- (1) Demonstrate that the requirements in ~~[IC 13-23-8-4\(a\)\(1\)](#) through [IC 13-23-8-4\(a\)\(4\)](#)~~ have been met. **release is an eligible release.**

(2) Demonstrate that the initial site characterization (ISC), for the property associated with the release, required by rules of the solid waste management board at [329 IAC 9-5-5.1](#) has been completed and submitted to the department within sixty (60) days of reporting a release to the department. If this requirement is not met, the ELTF eligibility percentage will be reduced by five percent (5%) on the ninety first day. An additional five percent (5%) will then be deducted for every six (6) months that passes prior to the ISC being submitted to the department. **For eligible releases occurring on or after July 1, 2016, or, if date of occurrence cannot be determined, are discovered on or after July 1, 2016, an eligible party shall submit all:**

- (A) claims for payment of reimbursable costs related to the initial site characterization (ISC) conducted under [329 IAC 9-5-5.1](#) within three hundred sixty-five (365) days of completion of the ISC;**
- (B) remaining claims for payment of reimbursable costs within three hundred sixty-five (365) days of the date those costs were incurred; and**
- (C) resubmittals associated with any disallowed cost within three hundred sixty-five (365) days after**

the denial of the claim.

(3) The CAP as required by [IC 13-23-8-4\(a\)\(4\)](#) and [329 IAC 9-5-7](#) must be submitted with projected costs that describe in detail the costs for work to be completed under the CAP. The projected costs must be in a form or format approved by the administrator.

(4) Demonstrate that the tank owner or operator was in substantial compliance with the spill reporting rule or law applicable at the time the release was suspected. **For eligible releases that occurred before July 1, 2016, or, if the date of occurrence cannot be determined, were discovered before July 1, 2016, an eligible party shall submit all:**

(A) claims for payment of reimbursable costs within three hundred sixty-five (365) days after the eligible release is granted a status of no further action (NFA) by the administrator; and

(B) resubmittals associated with any disallowed cost within three hundred sixty-five (365) days after the denial of the claim.

(5) When site access is granted by the owner or operator to a third party for the purposes of an environmental investigation, one (1) of the following must be demonstrated:

(A) That within forty-five (45) days from the date the third party accessed the site, the owner or operator requested, in a letter sent by certified mail, the results of the investigation that identified a potential release on that site and reported any spill or release, as required by the rules of the solid waste management board at [329 IAC 9-4-4](#).

(B) The access agreement with the third party specified that the results of the investigation are provided to the owner or operator within forty-five (45) days of sample collection.

If clause (A) or (B) is not met, the ELTF eligibility percentage will be reduced by five percent (5%). An additional five percent (5%) will then be deducted for every six (6) months that passes prior to clause (A) having been met.

(6) Pay all:

(A) past and currently due fees under [IC 13-23-12-1](#); and

(B) interest and penalties that are due under subsections (e) and (f).

Tank fees under [IC 13-23-12-1\(a\)](#) must be paid on any tanks that are not closed in accordance with [329 IAC 9-6-1](#) and are operable or in temporary closure.

(7) For a person who acquires ownership in accordance with subsection (d), make timely payment of all past due tank fees, interest, and penalties in accordance with subsection (f) to make a claim for reimbursable costs for any site characterization or corrective action related to a release that is first suspected, discovered, or confirmed after the payment of all past and currently due fees, interest, and penalties. Tank fees under [IC 13-23-12-1\(a\)](#) must be paid on any tanks that are not closed in accordance with [329 IAC 9-6-1](#) and are:

(A) operable; or

(B) in temporary closure.

(8) Register the tank or tanks within thirty (30) days of the time the tank or tanks were first put into use, even if a release is discovered or confirmed before the tank or tanks were registered. Tanks are considered in use when the tank:

(A) contains or has ever contained a regulated substance; and

(B) has not been closed under [329 IAC 9-6](#).

(9) Comply with the requirements of [IC 13-23](#), [329 IAC 9](#), and this title.

(b) Persons listed in section 1 of this rule shall be reimbursed from the fund according to the following formula:

(1) Determine the number of payments that were owed under [IC 13-23-12-1](#) on all regulated tanks at the facility from which a release occurred:

(A) beginning with the date that the fees for each tank first became due under [IC 13-23-12](#); and

(B) continuing until the date on which the release occurred.

Tank fees under [IC 13-23-12-1\(a\)](#) must be paid on any tanks that are not closed in accordance with [329 IAC 9-6-1](#) and are operable or in temporary closure.

(2) Determine the number of payments actually made under [IC 13-23-12-1](#) on all regulated tanks at the facility from which a release occurred:

(A) beginning with the date each tank became regulated under [IC 13-23](#); and

(B) continuing until the date on which the release occurred.

Divide the number of payments actually made by the number of payments due as determined in subdivision (1).

(3) Determine any additional percentage reduction related to either the ISC submittal in subsection (a)(2) or the third party access agreement in subsection (a)(5).

(4) Determine the amount of money the person would have received from the fund if all payments due on the date the release occurred had been paid when due and multiply the amount by the percentage determined in subdivisions (2) and (3).

(c) Payments that were made or could have been paid four (4) times per year under [IC 13-23-12-3](#) count as one (1) payment for purposes of this section.

(d) A person who acquires ownership or operation of an underground petroleum storage tank under [IC 13-23-8-4.5\(2\)](#) may not become eligible for reimbursement from the fund for any releases reported after the date that the commissioner receives the "Intent to Acquire UST and Reinstate Eligibility" form (Form) unless the person does the following:

(1) Submits a Form as prescribed by the commissioner at least sixty (60) days prior to acquiring ownership or operation of an underground petroleum storage tank. This form will be kept confidential up to the earlier of the following:

(A) The date of the transfer of the property.

(B) The administrator's receipt of the monies as owed under subsection (e).

(C) Ninety (90) days after the administrator receives the Form.

The administrator will provide a listing of environmental penalties, interest due to the fund, and fees due to the prospective purchaser and the property owner within forty-five (45) days of receipt of the Form.

(2) Pays all applicable tank fees, including past due fees, interest, and penalties, for each tank not more than thirty (30) days after the transaction whereby the person acquires ownership or operation of each tank. Tank fees under [IC 13-23-12-1\(a\)](#) must be paid on any tanks that are not closed in accordance with [329 IAC 9-6-1](#) and are:

(A) operable; or

(B) in temporary closure.

(3) The seller of the underground petroleum storage tank site is liable for any and all unpaid tank fees, interest, and penalties that are assessed by the administrator in accordance with subsection (e). The purchaser is to:

(A) collect all past due tank fees, interest, and penalties from the noncompliant seller; and

(B) remit to the administrator the full amount of the assessment for the subject underground petroleum storage tank provided by the administrator in accordance with subsection (e) prior to a release.

The timely remittance of these monies is a condition of fund eligibility for the purchaser. Tank fees under [IC 13-23-12-1\(a\)](#) must be paid on any tanks that are not closed in accordance with [329 IAC 9-6-1](#) and are operable or in temporary closure.

(e) Persons listed in section 1 of this rule who fail to pay tank fees when due are subject to payment of interest and penalties on those fees in order to become eligible for the fund. Interest and penalties due include the following:

(1) Penalties and interest due the department of state revenue.

(2) All past due underground storage tank fees under [IC 13-23-12](#). Tank fees under [IC 13-23-12-1\(a\)](#) must be paid on any tanks that are not closed in accordance with [329 IAC 9-6-1](#) and are:

(A) operable; or

(B) in temporary closure.

(3) An environmental penalty as specified in subsection (f)(2). This penalty will be distributed into the fund and into the petroleum trust fund in accordance with [IC 13-23-12-7\(b\)](#).

(4) Interest will be charged for the missed fee or fees at the percent per year based on subsection (f) and [IC 6-8.1-10-1](#) until all fees due have been paid in full for each tank. This interest will be deposited into the fund.

Payment of all fees, interest, and penalties due within thirty (30) days of the date of transfer of the subject property is a requirement for fund eligibility for the purchaser.

(f) In addition to all past due fees owed, the amount of interest and penalties owed by a particular owner or operator is to be determined by the following formula:

(1) Interest, under [IC 6-8.1-1-1](#) and [IC 6-8.1-10-1](#), as follows:

Number of delinquent days \times daily interest rate = interest due

Interest will be calculated according to [IC 6-8.1-10-1](#).

(2) Penalty as follows:

(A) For sites containing only tanks that were never registered, or sites containing only tanks for which no tank fees were paid when due, the penalty will be calculated at two thousand dollars (\$2,000) under [IC 13-23-12-7\(a\)](#) per petroleum underground storage tank per year that passes after each year's fee is due. The penalty will be calculated by multiplying the total number of years that have passed since the fee was due by the total number of tanks and multiplying the result by two thousand dollars (\$2,000).

(B) For sites with tanks that are registered but not all fees have been completely paid, the penalty will be calculated at one thousand dollars (\$1,000) per petroleum underground storage tank for each missed fee

payment. If a quarterly fee payment is missed, the penalty is applied at one fourth (1/4) the amount. The penalty will be calculated by multiplying the total number of years that have passed since the fee was due by the total number of tanks and multiplying the result by one thousand dollars (\$1,000).

(C) The penalty is incurred:

- (i) nine (9) months after the fee is due; or
- (ii) three (3) months after the final quarterly installment is due.

(D) Penalties will not be collected for fees due before December 1, 2001.

(b) A reduction in reimbursement due to unpaid fees under [IC 13-23-9-1.3](#) does not exempt a UST owner from the requirement to pay any unpaid past due fee. The reduction does not render any fee as paid for the purposes of [IC 13-23-12](#).

SECTION 17. [328 IAC 1-3-5](#) IS AMENDED TO READ AS FOLLOWS:

[328 IAC 1-3-5](#) Costs

Authority: [IC 13-23](#)

Affected: [IC 13-12-3-2](#); [IC 13-23-3-2](#); [IC 13-23-8-4](#); [IC 13-23-9-1.5](#)

Sec. 5. (a) ~~Reimbursable costs, excluding third party liability claims, are actual monetary amounts paid or incurred for work performed: as follows:~~

~~(1) Consistent with an approved or deemed approved GAP, an approved site characterization (SC), a no further action letter (NFA) from the commissioner, or under one (1) or more of the provisions of [IC 13-23-8-4](#)(b);~~

~~(2) Subject to each of the following conditions:~~

~~(A) Credits, rebates, refunds, or other similar payments made to the owner or operator or received by the owner, operator, or applicant must be subtracted from the costs submitted for reimbursement.~~

~~(B) The work performed was consistent with:~~

- ~~(i) site characterization;~~
- ~~(ii) an approved GAP; or~~
- ~~(iii) emergency measures, as defined in [328 IAC 1-1-5.1](#).~~

~~(C) The work performed under the GAP has been determined to be cost effective under section 1.3 of this rule.~~

~~(D) The work performed has been determined to be reasonable under [328 IAC 1-1-8.3](#).~~

~~(E) The work:~~

- ~~(i) was performed as described in subsection (b) or (c), or both; and~~
- ~~(ii) is not described in subsection (d).~~

The administrator may pay ELTF claims for costs described under [IC 13-23-9-1.5](#).

~~(b) Persons listed in section 1 of this rule may employ a certified contractor under [IC 13-23-3-2](#) or may use the owner's or operator's personnel to perform all or part of a corrective action and **Eligible parties** may seek payment from the fund for the following: reimbursable costs of the type described as follows:~~

~~(1) Site characterization costs, which include:~~

- ~~(A) research;~~
- ~~(B) field time;~~
- ~~(C) report writing; and~~
- ~~(D) clerical support.~~

~~but only after the site characterization has been approved by the administrator.~~

~~(2) Lodging and per diem costs in accordance with the most current Indiana department of administration financial management circular covering state travel policies and procedures. Mileage shall **must** be calculated at the federal rate for a privately owned automobile under 41 CFR 301-10.303*, in effect on January 1 of each year. Sales of the Code of Federal Regulations are handled by the Superintendent of Documents, P.O. Box 371954, Pittsburgh, PA 15250-7954.~~

~~(3) Soil and water sampling for petroleum and petroleum constituents only as necessary to achieve closure~~

~~under rules of the solid waste management board at [329 IAC 9](#).~~ **the applicable remediation objectives determined under [IC 13-12-3-2](#).**

(4) Costs for machinery and equipment if prorated based on the:

- (A) normal expected life of the item; and
- (B) length of time the item was used for a single corrective action.

In no event will the fund pay for purchases of machinery and equipment in excess of the market cost of leasing the item for a corrective action. Examples of equipment charges that can be made to the fund are disposable bailers and sample bottles.

(5) Costs for materials and supplies, such as the following:

- (A) Disposable protective equipment.
- (B) Building materials, such as the following:
 - (i) Piping.
 - (ii) Cement.
- (C) Preservatives.

(6) Governmental administrative fees for local, state, or federal permits necessary for corrective action.

(7) Provision of alternate water supply. This cost must have been previously approved by the administrator.

(8) Any other reimbursable costs the administrator finds to be necessary.

(9) Costs associated with transitioning **management of a site to RISC from previous remediation**

standards to current remediation standards as determined by the department, if these costs would be less than the costs to complete the remediation under ~~rules of the solid waste management board at [329 IAC 9](#).~~ **the previous remediation standards.**

(10) Only one (1) markup may be taken on any item. A markup of not more than ten percent (10%) of the unit rate or the lowest bid ~~will~~ **may** be reimbursed except for the following:

- (A) Travel costs, including mileage, per diem, and lodging.
- (B) Personnel costs, not including labor rates for subcontractors.
- (C) Utilities for temporary facilities.
- (D) Governmental administrative fees for local, state, or federal permits.
- (E) Equipment and supplies:
 - (i) not purchased or rented specifically for use at a facility; or
 - (ii) that are not part of the approved remedial technology.

(11) The fair market value of the cost to obtain access to off-site property if necessary for site characterization or corrective action as reviewed and approved by ~~the~~ **the** office of the attorney general.

(12) Costs for emergency measures ~~including the following as determined to be appropriate by the administrator,~~ **including the following:**

- (A) Evacuation and relocation of a building resident or residents.
- (B) Ventilation of a building or utility conduit.
- (C) Installation and maintenance of an alternate water or treatment system for contaminated drinking water.
- (D) Recovery of free product as necessary to eliminate a release to a utility conduit.
- (E) Installation of a system to mitigate free product migration, actual or potential drinking water impacts, or vapor intrusion into a building or a utility conduit.
- (F) Other emergency measures required by the department.

(c) The approval of the site characterization and the CAP ~~under rules of the solid waste management board at [329 IAC 9](#)~~ is not a determination that the actual costs incurred under the site characterization or the CAP are reimbursable costs under this rule.

(d) The following costs are not reimbursable from the fund:

(1) Costs from releases that occurred before April 1, 1988.

(2) Costs incurred more than twenty-four (24) hours prior to the date and time the release had been reported under the spill reporting rule in effect at the time of the release.

(3) Costs of:

- (A) the maintenance of;
- (B) the repair of;
- (C) upgrading;
- (D) removing, unless tank removal is approved as part of the CAP; or
- (E) the replacement of;

an underground petroleum storage tank or its associated equipment.

(4) Costs of environmental investigation and remediation not directly related to ~~a fund-qualifying occurrence.~~

an eligible release. Ineligible costs include the cost of testing for nonpetroleum contamination and the cost of vapor or ground water monitoring devices that are not associated with corrective action.

-
- (5) Costs that exceed reimbursable costs even if incurred pursuant to an approved CAP.
- (6) The cost of equipment purchases other than those costs routinely required to implement a CAP. Examples of nonreimbursable purchases include the following:
- (A) Drilling rigs.
 - (B) Earth moving equipment.
 - (C) Photoionization detectors.
 - (D) Explosimeters.
 - (E) Hand tools.
- (7) The cost of cosmetic improvements, including the repair or replacement of blacktop or concrete, unless directly associated with corrective action.
- (8) Lost income or reduced property values unless part of a ~~third-party liability~~ **an ELTF indemnity** claim.
- (9) Interest or finance charges.
- (10) Contractor ~~costs~~ or subcontractor costs not directly related to corrective action activities, such as the following:
- (A) Preparing cost estimates.
 - (B) Reviewing environmental work or documents.
 - (C) Budgeting.
 - (D) Changing contractors.
- (11) Fines or penalties imposed by local, state, or federal government agencies.
- (12) Punitive or exemplary damages.
- (13) Any costs for remediation of contamination not shown to ~~be at concentrations exceeding the risk integrated system of closure (RISC) as described in IC 13-23-8-4(a)(4)(A)(ii)~~ industrial cleanup standards with the following exceptions:
- (A) accomplish the applicable remediation objectives determined under IC 13-12-3-2, except for ground water contamination affecting a public or private drinking water well. ~~on-site or off-site.~~**
 - ~~(B) Off-site contamination at concentrations exceeding RISC residential cleanup standards, not including:~~
 - ~~(i) roadways;~~
 - ~~(ii) railroads; or~~
 - ~~(iii) other property not currently used as residential property.~~
- (14) Any costs related to the excavation and disposal of more than one thousand five hundred (1,500) tons of soil unless:
- (A) alternative remediation techniques have been considered;
 - (B) excavation and disposal was shown to be the most cost-effective remediation option; and
 - (C) the soil removal is part of a CAP approved ~~or deemed approved~~ by the administrator.
- (15) Any other cost not directly related to site characterization, corrective action, or ~~third-party liability~~ **ELTF indemnity claims** or otherwise determined not to be reimbursable under this rule as a result of a financial or technical review.
- ~~(16) If:~~
- ~~(A) a release has occurred before the tank or tanks were registered; and~~
 - ~~(B) the tank or tanks were not registered within thirty (30) days from the time the tank or tanks were first put into use;~~
- ~~a claim is not reimbursable from the fund by the administrator. Tanks are considered in use when the tank contains or has ever contained a regulated substance and has not been closed under 329 IAC 9-6.~~
- (16) Remediation costs arising from the acts or omissions on the part of a contractor, owner, or operator that result in:**
- (A) damage to:**
 - (i) a UST system; or**
 - (ii) dispensing components; or**
 - (B) exacerbation of an existing release.**
- (17) Any costs to purchase equipment, which was previously purchased and the cost was previously reimbursed from the fund.
- (18) Any costs incurred after receipt of notice by the administrator under section 1.3(d) of this rule that the approved CAP is not successfully remediating the site, except the following ~~costs~~ necessary **costs**, until ~~such time as~~ the modified CAP is approved: ~~to:~~
- (A) Develop the modified CAP, including pilot studies or additional investigation.
 - (B) Demobilize the corrective action system currently at the site.
 - (C) Abandon monitoring, extraction, or other wells associated with the CAP.
 - (D) Maintain compliance with applicable regulations and permits, including quarterly ground water monitoring.
 - (E) Maintain, but not operate, the corrective action system.
- (19) Credits, rebates, refunds, or other similar payments made to the owner or operator or received by**
-

the owner, operator, or applicant.

(e) Costs that may be paid from the fund are ~~set forth in the following:~~ **as follows:**

Activity	Cost Range or Maximum Amount
SITE CHARACTERIZATION	
Direct push technology (other costs pertaining to direct push technology are included in the per foot allowance specified).	\$600 per day
In addition to the day rate, costs for boring advancement may be invoiced at the following per foot rates:	\$6 per foot
Mobilization and demobilization. This includes the cost of moving general contractor owned equipment, setup, and removing equipment.	\$400
Soil borings, for purposes of soil or ground water sampling or monitoring well installation when using a hollow stem auger.	
Number of feet in incremental amounts	
4.25 inch inside diameter	
For the first 15 feet	\$24 per foot
16 through 25 feet	\$30 per foot
26 feet or more	\$35 per foot
6.25 inch inside diameter	
For the first 15 feet	\$27 per foot
16 through 25 feet	\$33 per foot
26 feet or more	\$38 per foot
8.25 inch inside diameter	
For the first 15 feet	\$30 per foot
16 through 25 feet	\$36 per foot
26 feet or more	\$41 per foot
Rock drilling beyond auger refusal will be are reimbursed at the above rates with an additional \$15 per foot.	
These amounts may only be charged one (1) time per borehole.	
Sample collection is part of well installation. Direct push technology must be used when it is most appropriate to the site and cost effective. The diameter of the boring must be appropriate for the size of the well being installed.	
Blind drilling using a hollow stem auger when well borings have already been logged within five (5) feet.	
4.25 inch inside diameter	
For the first 50 feet	\$10 per foot
51 feet or more	\$12 per foot
6.25 inch inside diameter	
For the first 50 feet	\$13 per foot
51 feet or more	\$15 per foot
8.25 inch inside diameter	
For the first 50 feet	\$15 per foot
51 feet or more	\$18 per foot
Decontamination and equipment cleaning	\$12 per each 5 feet of boring
Cutting holes in concrete or asphalt (12 inches in diameter)	\$110 per hole
Materials	
Well casing and screen (including riser) filter pack, annular, and surface seal:	
< 2 inch well	Applicable boring rate plus materials
2 inch well	\$9 per foot
4 inch well	\$15 per foot
6 inch well	\$27 per foot
Flush-grade well covers	\$125 per cover
Laboratory services, including containers, packaging, and postage.

TCLP-lead

\$100 per sample

If the commissioner requires all quality assurance/quality control (QA/QC), including raw data and internal chain of custody necessary to validate analytical results.

20% markup allowed per sample

PERSONNEL

When submitting a claim for reimbursement, the applicant ~~shall be~~ **is** required to give the personnel classification, task being performed, and the name of the individual performing the task. Rates ~~will be~~ **are** paid based on the task performed by an employee rather than the qualifications of the employee. Refer to subsection (f) for task descriptions for personnel classifications. These labor rates ~~will be~~ **are** adjusted annually on June 1 of each year, in accordance with the product price index (PPI) percentage listed for December of the previous year. The North American Industry Classification System (NAICS) Code for

Environmental Consulting Services is 541620 and is described at:

<http://www.naics.com/censusfiles/ND541620.HTM>

The PPI Industry data tables are available through the Bureau of Labor and Statistics (BLS) at:

<http://www.bls.gov/ppi/home.htm>

Principal	\$136 per hour
Senior project manager	\$126 per hour
Project manager	\$103 per hour
Staff project person	\$87 per hour

Field technician	\$59 per hour
Drafting person	\$50 per hour
Word processor/clerical	\$35 per hour
Toxicologist	\$155 per hour

INITIAL ABATEMENT AND FREE PRODUCT REMOVAL

Except where provided in this rule, approval of costs ~~will be~~ **is** on a case-by-case basis.

SITE SET-UP PREPARATION

Trailer rental	\$360 per month (\$12 per day)
Portable toilet	\$180 per month (\$6 per day)
Utility check, the date and time of the utility check must be documented.	
Utility check includes air knifing, hand augering, and private utility location service.	\$800
Utilities for temporary facilities	
Temporary power	\$600 per month (\$20 per day)
Temporary water	\$180 per month (\$6 per day)
Temporary phone	\$240 per month (\$8 per day)

DEMOLITION

Three (3) bids must be submitted for demolition of structures in accordance with an approved CAP ~~must submit three (3) bids~~ **must submit three (3) bids** for reimbursement consideration as defined under CORRECTIVE ACTION TECHNOLOGIES.

EXCAVATION

Activities in accordance with an approved CAP ~~will be~~ **are** considered for reimbursement based upon the submittal of three (3) bids as defined under CORRECTIVE ACTION TECHNOLOGIES or the following unit rates:

Equipment costs and labor	\$2.70 per ton
Mobilization (includes vehicle mileage)	\$400 per trailer
Stockpiling soil on-site	\$1.65 per ton
Tank removal, decommissioning, cutting, and disposal are not eligible for reimbursement unless approved as part of corrective action.	
Under 1,000 gallons	\$1,200 per tank
1,000 through 5,999 gallons	\$1,800 per tank
6,000 through 10,000 gallons	\$2,400 per tank
Above 10,000 gallons	\$3,000 per tank

Costs for pumping, testing, and disposal of tank contents are not eligible for reimbursement.

Three (3) bids must be submitted for demolition of structures in accordance with an approved CAP ~~must submit three (3) bids~~ **must submit three (3) bids** for reimbursement consideration as defined under CORRECTIVE ACTION TECHNOLOGIES.

Mobilization (includes vehicle mileage)	\$400 per trailer
Concrete and asphalt removal	

Saw concrete, prices are per linear foot

	4 inch concrete	6 inch concrete
Under 200 feet	\$1.60 per foot	\$2.40 per foot
200 through 400 feet	\$1.70 per foot	\$2.20 per foot
400 through 600 feet	\$1.60 per foot	\$2.10 per foot
600 through 1,000 feet	\$1.45 per foot	\$2 per foot
Over 1,000 feet	\$1.30 per foot	\$1.80 per foot

Saw asphalt, prices are per linear foot

	3 inch asphalt	4 inch asphalt	6 inch asphalt
Under 450 feet	\$2.20 per foot	\$2.30 per foot	\$3.60 per foot
450 through 600 feet	\$1.80 per foot	\$2.20 per foot	\$2.50 per foot
600 through 1,000 feet	\$1.60 per foot	\$1.80 per foot	\$2.20 per foot
Over 1,000 feet	\$1.50 per foot	\$1.60 per foot	\$1.80 per foot

Hauling

\$85 per hour per truck

The administrator ~~will also~~ **shall** approve hauling costs based on three (3) bids.

TRANSPORTATION

Activities in accordance with an approved CAP ~~will be~~ **are** considered for reimbursement based upon the submittal of three (3) bids as defined under CORRECTIVE ACTION TECHNOLOGIES or the following unit rates:

Loading	\$1.65 per ton
Mobilization (includes vehicle mileage)	\$400 per trailer
Hauling mileage must be documented	\$85 per hour per truck
For excavation, stockpiling, and loading of less than 300 tons in a single day.	\$1,200 per day or the actual cost, whichever is less

DISPOSAL OF SOIL, GROUND WATER, AND TRASH

Landfill fees

Sampling required by landfill. ~~Must include~~ Receipts and analytical results from local municipality **must be included.**

Sanitary sewer, if approved for disposal of treated ground water. ~~Must include~~ Receipts **must be included.**

Contaminated or disposable equipment and decontamination fluids.

Landfill reimbursement ~~will~~ **must** not exceed the least expensive combination of documented hauling costs and documented disposal costs at a permitted landfill. Applicant must submit a cost justification if the applicant does not use the nearest land disposal facility permitted and willing to accept the applicant's waste.

CORRECTIVE ACTION TECHNOLOGIES

The maximum costs for the work done for corrective action ~~will be~~ **are** allowed on the basis of the lowest of three (3) comparable, competitive bids for the work specified in the approved CAP. Bids for the work specified in the CAP must include bids for installation and labor; however, separate bids may be obtained for cost of installation and labor. Copies of the request for proposal (RFP) for implementation of CAP that was sent to each vendor must be submitted. Each RFP and bid submittal ~~will be~~ **is** required to show a line item breakdown of the tasks to be performed in order to verify that all tasks are eligible for reimbursement. The administrator ~~can~~ **may** approve costs based on less than three (3) bids if a demonstration is provided to the administrator that lower costs for the specified work is not possible or practical.

Lease or rental on equipment ~~will~~ **must** not be reimbursed above the purchase price.

SITE RESTORATION

Activities in accordance with an approved CAP ~~will be~~ **are** considered for reimbursement based upon the submittal of three (3) bids as defined under CORRECTIVE ACTION TECHNOLOGIES or the following unit rates:

Backfill hauling	\$85 per hour per truck
Backfill material	\$18 per ton of stone
	\$9 per ton of soil
Backfill placement, compaction, and density verification	\$6 per ton
Resurfacing	
4 inch concrete	\$5 per square foot
For each additional inch of concrete	Add \$0.75 per square foot
For rebar	Add 15%
Asphalt pad, 4 inch thickness	\$2.75 per square foot
Asphalt curb and gutter	\$6 per linear foot
Island forms	
4 feet by 10 feet with 2 foot bumpers	\$900 each
4 feet by 16 feet with 2 foot bumpers	\$1,400 each
Equipment rental (based on daily rate; not an inclusive list)	
Decontamination equipment (bucket, brushes, and detergent)	\$15
Power auger	\$60
Hand auger sampling kit (hand auger/brass sleeves)	\$42
Slide hammer core sampler	\$42
Photoionization detector	\$90
Flame ionization detector	\$135
LED/O ₂ meter	\$60
pH and conductivity meter	\$24
Dissolved oxygen meter	\$36
Oxidation/reduction meter (REDOX)	\$50
Multiparameter water quality meter including pH, dissolved oxygen, temperature, and conductivity	\$60
Ferrous iron field test	\$8 per sample
Hydrogen sulfite field test	\$8 per sample
Geographic positioning system (GPS) unit for site mapping to 1 foot accuracy	\$120
2 inch submersible pump	\$140
4 inch submersible pump	\$115
Steam cleaner/pressure washer	\$90
Water level indicator	\$15
Oil/water interface probe	\$70
Bailer rental	\$20
Anemometer	\$42
Carbon dioxide meter	\$30
Portable generator, generator ≤ 5kW	\$60
Portable generator, generator ≤ 10kW	\$120
Portable generator, generator > 10kW	\$150

(f) The following categories describe the personnel classification activity descriptions:

(1) The principal ~~will~~ **shall** do the following:

- (A) Serve as technical expert on sites.
- (B) Limited site visits on projects.
- (C) Coordinate legal matters with attorneys.

(2) The senior project manager (limited to licensed professional geologist or hydrogeologist (LPG), registered professional engineer (PE), certified hazardous materials manager (CHMM), professional soil scientist, or at least five (5) years professional remediation experience) ~~will~~ **shall** provide the following:

- (A) Project planning/oversight.
- (B) Final review of project documents.
- (C) Acquisition of and negotiation with subcontractors.
- (D) Hydrogeologic and contaminant modeling.
- (E) Remediation system design.
- (F) **Risk integrated system of closure (RISC)** evaluation.
- (3) The project manager ~~will~~ **shall** provide the following:
 - (A) Remediation work plan and technical document preparation (CAP, ISC, FSI, pilot study).
 - (B) Site work preparation and planning.
 - (C) Supervision of investigation and remediation activities.
 - (D) Oversight of waste characterization, transportation, and disposal.
 - (E) RISC statistics and equations.
 - (F) Coordination of subcontractor work (drillers, plumbers, and electricians).
 - (G) Coordination of heavy equipment mobilization.
 - (H) Coordination with the department and the client.
 - (I) Site access/permitting.
- (4) The staff project person ~~will~~ **shall** do the following:
 - (A) Implement remediation system installation, operation, and maintenance.
 - (B) Conduct site mapping.
 - (C) Oversee installation of soil borings and monitoring wells.
 - (D) Provide on-site supervision or perform site characterization and remediation activities, or both.
 - (E) Oversee well water records searches.
 - (F) Define how site utilities are marked.
 - (G) Survey wells.
 - (H) Oversee free product removal.
 - (I) Oversee quarterly sampling.
- (5) The field technician ~~will~~ **shall** perform the following:
 - (A) Well purging and development.
 - (B) Sample collection, preparation, and delivery.
 - (C) Decontamination/site cleanup tasks.
 - (D) Assist with waste characterization, transportation, and disposal, including drum labeling/disposal.
 - (E) Activities associated with the operation and maintenance of remediation systems.
- (6) The drafting person ~~will~~ **shall** do the following:
 - (A) Provide ~~CADD~~ **computer-aided design drafting** work.
 - (B) Generate the following:
 - (i) Drawings.
 - (ii) Maps and plans.
 - (iii) Boring logs.
 - (iv) Monitoring well installation logs.
 - (C) Revise drawings and maps and plans.
- (7) The word processor/clerical ~~will~~ **person shall** provide the following:
 - (A) Word processing/data input.
 - (B) General clerical duties.
 - (C) Documentation reproduction, report binding, and filing.
 - (D) Proofreading/editing.
- (8) The toxicologist ~~will~~ **shall** provide guidance for ~~nondefault~~ risk-based closures utilizing ~~nondefault~~ toxicological parameters.
- (g) Attorney costs ~~will be~~ **are** considered for reimbursement as follows:
 - (1) Attorney costs ~~will be~~ **are** reimbursed under the following circumstances:
 - (A) An attorney acting as a principal, senior project manager, or project manager on a site directing field investigations or preparing the technical reports related to investigative or remediation activities. In this instance, the attorney must have the appropriate technical credentials required for an individual performing these tasks, such as PE, LPG, CHMM, or soil scientist.
 - (B) An attorney communicating to the department regarding remediation actions, preparing restrictive covenants, or access negotiations.
 - (C) Fees charged that do not exceed one thousand dollars (\$1,000) for either environmental restrictive covenant preparation or access negotiation.
 - (2) An attorney ~~will~~ **may** not be reimbursed for the following:
 - (A) Reviewing consultant reports.

(B) Charging fees in excess of the principal, senior project manager, or project manager as defined in this rule for the same personnel activities. Fees charged must also appropriately correspond to tasks performed.

[328 IAC 1-4-1](#) General procedure for prioritization

Authority: [IC 13-23](#)

Affected: [IC 6-6-1.1-103](#); [IC 13-12-3-2](#); [IC 13-23-9-4](#)

Sec. 1. (a) The following ~~shall~~ **procedures in this section** apply in the event the unencumbered balance, less the unpaid, approved claims for reimbursable costs and ~~third-party liability~~ **ELTF indemnity** claims, in the fund falls below **the following**:

(1) Twenty-five million dollars (\$25,000,000). ~~the releases will be categorized according to this section.~~

(2) Five million dollars (\$5,000,000), **with** the prioritized claims, based on the categorized releases, ~~will be paid according to~~ **in accordance with** section 4 of this rule.

The administrator may invoke ~~these procedures~~ **this section** prior to the unencumbered fund balance, less the unpaid, approved claims for reimbursable costs and ~~third-party liability~~ **ELTF indemnity claims**, falling below the amounts specified in subdivision (1) or (2).

(b) All claims or parts of claims submitted to the administrator for an emergency measure ~~as defined under [328 IAC 1-1-5.1](#), will be~~ **are** paid first. If the claim or part of the claim is for work performed that has not been determined to be an emergency measure, ~~as defined under [328 IAC 1-1-5.1](#), the claim or part of the claim for that work will be~~ **is** paid:

(1) according to the category of the ~~fund-qualifying occurrence~~ **eligible release** as determined in subsection

(c); **and**

(2) **after the payment of all claims or parts of claims for emergency measures.**

(c) After the initial site characterization, further site investigation, or a corrective action progress report is completed, the ~~fund-qualifying occurrence will be~~ **eligible release** is placed in the lowest numbered category for which it qualifies as follows, and all claims for reimbursement of costs and ~~third-party liability~~ **shall be ELTF indemnity claims** are paid in numerical order of the ~~fund-qualifying occurrence~~ **eligible release** category subject to the release recategorization provisions under section 3 of this rule:

(1) **An eligible release is considered a category 1 eligible release** if the administrator determines, based on the most recent information submitted to the administrator, that **at least one** (1) of the following has occurred and it is attributable to the ~~fund-qualifying occurrence~~, ~~then the fund-qualifying occurrence is considered a category 1 fund-qualifying occurrence and claims for that fund-qualifying occurrence shall be paid after all approved claims for emergency measures are paid as provided in subsection (b):~~ **eligible release**:

(A) Petroleum or petroleum constituents **that exceed ten percent (10%) lower explosive limit (LEL)** are detected in a structure or a utility conduit, such as a:

- (i) storm sewer;
- (ii) sanitary sewer; or
- (iii) utility conduit.

~~that exceed ten percent (10%) lower explosive limit (LEL).~~

(B) Vapors for petroleum or petroleum constituents are detected in ~~an inhabitable~~ **a building in** ~~at~~ levels greater than long-term, risk-based exposure **the appropriate screening levels as specified by the department in accordance with the remediation standards determined under [IC 13-12-3-2](#) for**

contaminants of concern.

(C) Petroleum or petroleum constituents are detected in a drinking water well at or above ~~maximum contamination levels (MCLs) or RISC residential cleanup objectives~~ **the appropriate screening levels for ground water cleanup objectives as specified by the department in accordance with the remediation standards determined under [IC 13-12-3-2](#)** at the point of compliance or at the tap.

(2) **An eligible release is considered a category 2 eligible release** if the administrator determines, based on the most recent information submitted to the administrator, that **at least one (1) of the following has occurred and is attributable to the fund-qualifying occurrence, then the fund-qualifying occurrence is considered a category 2 fund-qualifying occurrence and claims for that fund-qualifying occurrence shall be paid after all approved claims for category 1 fund-qualifying occurrences are paid as provided in subdivision**

(4): eligible release:

(A) Petroleum or petroleum constituents are detected in free phase in a thickness of at least one (1) foot in any one (1) well, or at least one (1) inch in two (2) or more wells where the wells are at least twenty (20) feet apart, provided that the wells are not screened in the underground storage tank cavity backfill.

(B) Petroleum or petroleum constituents are detected in surface water above water quality standards under ~~rules of the water pollution control board at [327 IAC 2](#)~~.

(3) **An eligible release is considered a category 3 eligible release** if the administrator determines, based on the most recent information submitted to the administrator, that **at least one (1) of the following has occurred and is attributable to the fund-qualifying occurrence, then the fund-qualifying occurrence is considered a category 3 fund-qualifying occurrence and claims for that fund-qualifying occurrence shall be paid after all approved claims for category 2 fund-qualifying occurrences are paid as provided in subdivision**

(2): eligible release:

(A) Petroleum or petroleum constituents are detected off-site in ground water at concentrations exceeding ~~RISC cleanup standards~~ **the appropriate screening levels as specified by the department in accordance with the remediation standards determined under [IC 13-12-3-2](#)** for the land use of the off-site location.

(B) Petroleum or petroleum constituents are detected off-site in soil at concentrations exceeding ~~RISC cleanup standards~~ **the appropriate screening levels as specified by the department in accordance with the remediation standards determined under [IC 13-12-3-2](#)** for the land use of the off-site location.

(C) Petroleum or petroleum constituents are present in free phase in a thickness of at least one-sixteenth (1/16) inch in any well.

(D) Petroleum or petroleum constituents, attributable to a gasoline release, are detected in the ground water at concentrations exceeding ~~RISC cleanup standards~~ **for the appropriate screening levels as specified by the department in accordance with the remediation standards determined under [IC 13-12-3-2](#) for the land use**. For the purposes of this clause, gasoline has the meaning set forth in ~~[45 IAC 12-1-7](#)~~ **[IC 6-6-1.1-103\(g\)](#)**.

(4) **An eligible release is considered a category 4 eligible release** if the administrator determines, based on the most recent information submitted to the administrator, that **at least one (1) of the following has occurred and is attributable to the fund-qualifying occurrence, then the fund-qualifying occurrence is considered a category 4 fund-qualifying occurrence and claims for that fund-qualifying occurrence shall be paid after all approved claims for category 3 fund-qualifying occurrences are paid as provided in subdivision**

(3): eligible release:

(A) Petroleum or petroleum constituents are detected in on-site ground water at concentrations exceeding ~~RISC industrial cleanup standards~~ **the appropriate screening levels as specified by the department in accordance with the remediation standards determined under [IC 13-12-3-2](#)**, in two (2) or more wells, where the wells are at least twenty (20) feet apart, where neither well is screened in the underground storage tank cavity backfill.

(B) Petroleum or petroleum constituents are detected in on-site soil at concentrations exceeding ~~RISC industrial cleanup standards~~ **the appropriate screening levels as specified by the department in accordance with the remediation standards determined under [IC 13-12-3-2](#)**, in at least two (2) boring holes at least twenty (20) feet apart.

(5) ~~A fund-qualifying occurrence~~ **An eligible release** that does not qualify as a category 1, 2, 3, or 4 category ~~will be~~ **eligible release is considered a category 5 fund-qualifying occurrence. eligible release.**

(6) Claims in the same category ~~will be~~ **are** paid in chronological order according to the date and time received by the administrator as indicated by the date and time stamped by the administrator on the claim submitted to the administrator.

(d) ~~Fund-qualifying occurrences shall~~ **Eligible releases must** be initially categorized according to those conditions that existed at the time the first claim was submitted after prioritization was initiated.

(e) Claims determined to **not** be ~~unreimburseable~~ **reimbursable** may be revised and resubmitted to the fund. The date and time of the revised claim for the purposes of subsection (c)(6) ~~shall~~ **must** be based on the date and time that the fund administrator receives the revised claim as indicated by the date and time stamped by the administrator on the claim submitted to the administrator.

(f) An applicant may request a review of a denial of payment using the procedures set forth in [IC 13-23-9-4](#).

(g) Categorization of ~~a fund-qualifying occurrence~~ **an eligible release** or placement of a claim on a priority list does not constitute a commitment to reimburse corrective action or ~~third-party liability~~ **ELTF indemnity claim** costs.

Authority: [IC 13-23](#)

Affected: [IC 13-23-9-2](#); [IC 13-23-9-4](#)

Sec. 3. (a) To ~~assure~~ **ensure** the efficient administration of the fund, the administrator may recategorize ~~a fund-qualifying occurrence~~ **an eligible release** at any time that it is determined ~~a fund-qualifying occurrence~~ **an eligible release** has been incorrectly categorized as follows:

- (1) The administrator ~~will~~ **shall** notify the applicant by mail of the new category.
- (2) The applicant may petition the administrator to be put in a lower number category, with category 1 being the lowest, based on new information.
- (3) If the administrator approves placement in a lower number category, the applicant may seek reimbursement under the new category for any costs incurred subsequent to the placement in the new category.
- (4) If the administrator approves placement in a higher number category with **category** 5 being the highest category, the applicant has fifteen (15) days after the date of the notification to submit current costs under the new category.

(b) ~~Fund-qualifying occurrences~~ **Eligible releases** may be recategorized based on:

- (1) the current environmental conditions;
- (2) information indicating the elimination or abatement of the condition or conditions that led to the placement of ~~a fund-qualifying occurrence~~ **an eligible release** in a category;
- ~~(3) other information available to the administrator demonstrates that recategorization is appropriate; or~~
- ~~(4) (3) the discovery of the event that led to the placement in a lower category with category 1 being the lowest; or~~
- (4) other information available to the administrator demonstrates that recategorization is appropriate.**

(c) Except as provided in ~~sections 1-5 and 3(a) of this rule~~ **subsection (a)**, the priority of a claim is determined by the category of the ~~fund-qualifying occurrence~~ **eligible release** at the time the claim is approved by the administrator and by section 1(c)(6) of this rule.

Authority: [IC 13-23](#)

Affected: [IC 13-23](#)

Sec. 1. (a) Claim applications for reimbursement ~~shall~~ **must** be submitted on forms ~~adopted~~ **approved** by the administrator. Applicants shall itemize all reimbursable costs as required by the application package. Documentation of reimbursable costs as required by the administrator must be submitted as part of the application. The administrator may request additional information and records to substantiate claims submitted including the following:

- (1) A copy of original employee time sheets.
- (2) Invoices relating to purchase or other acquisition of equipment and supplies used for corrective action.
- (3) Copies of requests for bids for work specified in the CAP.

(b) The application ~~shall~~ **must** contain the following statement, which ~~shall~~ **must** be signed and attested by the person applying to the fund: "I swear or affirm to the best of my knowledge and belief that the costs presented herein represent the reimbursable costs actually incurred in the performance of site characterization or corrective action related to this site during the period of time indicated on this application. I also swear or affirm that all charges presented as part of this application were necessary to the performance of site characterization or

corrective action." If the person applying has been assigned the right to reimbursement under this rule, the person who assigned that right shall also sign and attest the application.

(c) One (1) copy of all documents required by the administrator ~~shall~~ **must** be submitted by the person applying to the fund to support the application. Original documents must be kept by the person applying to the fund for a minimum of four (4) years after the date the application for payment was submitted or four (4) years after completion of corrective action, whichever is later.

(d) Claims, other than final claims, that had costs disallowed, if resubmitted, must be resubmitted with subsequent claims. The portion of the claim that was previously submitted must be identified as being previously submitted and include the dollar value of the original claim. The same disallowed cost may only be submitted to the department for consideration three (3) times, including the initial claim submittal.

(e) A single claim application may not be submitted to the fund for reimbursement in an amount less than five thousand dollars (\$5,000) unless the claim is one (1) of the following:

- (1) The final application for that incident and the claim is identified as such.
- (2) A claim for costs incurred over ~~six (6) months~~ **one hundred eighty (180) days** from the date of the previous claim.
- (3) A claim made within fifteen (15) days of a ~~fund-qualifying occurrence~~ **an eligible release** being categorized to a lower category, with one (1) being the highest category, under [328 IAC 1-4](#).
- (4) ~~Zero dollars (\$0)/eligibility~~ **Eligibility preapproval claims requesting zero dollars (\$0).**
